

## Senior Executive Summary

---

I have extensive experience across Western Australia's business, government and community sectors, and have been recognised for my activities in the community sector by being made an Officer in the General Division of the Order of Australia in 2010 and Western Australian Citizen of the Year (in the Industry and Commerce Division) in 2011.

My experience has enabled me to build and lead work environments that deliver strong performance and results.

## Experience and Achievements

---

For almost 20 years I held CEO positions in government and the business community. My most recent Chief Executive position was with Oakajee Port and Rail Pty Ltd, which ended 30 June 2013. Since then I have pursued non-executive director and corporate advisory roles.

I am currently chairman of commercial and government boards in the superannuation, gas pipelines and super-computing sectors. I am a Director of the National Disability Insurance Authority Board and I consult to the university, banking and resource sectors.

I have built extensive contacts across State and Federal governments and the Western Australian business sector. I have also had considerable experience working with Japanese and Chinese business leaders.

In the not for profit sector I have experience in the medical research, arts and culture and public policy and advocacy sectors.

These experiences have developed an open and engaging approach in my decision making and dealings with others, which has engendered confidence and trust amongst those I work with.
